

Example - V

```
#include <stdio.h>

int main() {    // **** fifth.c
    int first, second, max ;

    printf("Enter two integers :") ;
    scanf("%d%d", &first, &second) ;
    if(first > second) max = first ;
    else max = second ;
    printf("\nMax(%d,%d) = %d\n",
           first, second, max) ; return 0 ;
}
```
