Dear Mr. Chaudhary,

This letter confirms that you were a research trainee under my supervision in the Shared Reality Laboratory of the Department of Electrical and Computer Engineering, in the Faculty of Engineering at McGill University, between May 5 and July 18, 2014.

During your traineeship, you worked on extensions of our real-time emergency response (rtER) platform to incorporate audio communication as a complementary modality to the existing support for video streams.

Sincerely,

Jeremy R. Cooperstock
Associate Professor
Department of Electrical and Computer Engineering, McGill University
